SANREMO
MACCHINE PER CAFFE' ESPRESSO
Think
about
it!

Sanremo is a family owned business which has been hand-crafting espresso coffee machines for generations in Treviso, Italy. During this time, Sanremo has developed strong and long lasting partnerships in more than 180 countries becoming a major player within the coffee industry.

Opera… The Revolution

- First espresso coffee machine designed by an expert team of baristas, engineers and designers from around the world.
- Brew ratio with Controlled Delivery System (CDS).
- Three different fully programmable stages of infusion with variable gear pump pressure; pre-infusion : infusion ; post-infusion.
- New PID controlled multi-boiler system with integrated 0.5 litre 800W independent group head boilers.
- All the espresso parameters are controlled via an APP. Tablet included.
- Six programmable recipes per group head.
- 316L AISI Stainless Steel Construction.
- Ergonomically designed machine with pull-style start/stop levers.
