WITH A PASSION FOR COFFEE

EXPOBAR ELEN

It's a espresso coffee machine for the more demanding baristas. The 2gr model has 3 boilers: a general one for the steam, hot water and pre-heating of the water, together with two independent 1.7 lt boilers, one for each brewing group. The model 3groups with 4 boilers is unique in the market!!! It is also available in simple version, with only one boiler.

EXPOBAR ELEN is also equipped with an advanced system of temperature control, through PID technology, which means an extremely precise control of the temperature and an absolute stability.
