with optional fry pans, scoop holder, plastic food pans, and angled riser *OR*

with optional fry ribbons, plastic food pans, fry pan, scoop holder, and angled riser

Hatco Multi-Product Warming Station safely holds hot fried foods at optimum serving temperatures in kitchen work areas. The unit is designed for maximum durability and performance, with minimum maintenance.

Available as a freestanding model in two widths, built of rugged aluminum and stainless steel.

The six overhead ceramic heating elements are adjusted by two separate electronic controls–one for the rear elements and one for the front elements. The temperature of the base heat is adjusted using a thermostatic control. The ceramic heating elements are guaranteed against burnout and breakage for one year.

OPTIONS: *4 Pleat Hardcoated Fry Box Ribbon, 5 Pleat Hardcoated Fry Bag, 6 Pleat Hardcoated Fry Bag/Box Ribbon, Angled Riser, Bag and Tong Holder, Scoop Holder, Fry Pans, Fry Pan Trivet, and Full Fry Bin Insert.*

- Fry stations hold fried foods safely at optimum serving temperatures without affecting quality
- Features easy access to the food product and can be configured in multiple ways with various accessories
- Coated shatter-resistant incandescent lights enhance brilliant product display while safeguarding food from bulb breakage (standard on all MPWS models)
- Easy installation
