ESPRESSO GRINDERS

EXPOBAR 600 "Grind on Demand"

An easy to use automatic espresso grinder that grinds the beans directly into the filter handle. You can easily set up pre-ground portions for both single and double espresso, or operate manually until you get the volume you want. The grinder starts automatically when you put the bayonet in the outlet, and produces fresh coffee with the minimum amount of spill. The bean container holds about 1.2 kg. Silver styling.

EXPOBAR 600 MANUAL

This is a quiet-running, traditional espresso grinder that grinds the beans directly down into a container. You can then simply take some newly-ground coffee out of the container to make single or double espresso.
The grinder is easy to adjust, to give the right grinding level. The bean container holds about 1.2 kg. A tamper is included with the grinder. Silver styling.
