Z06

DESCRIPTION AND FEATURES

This automatic citrus fruit squeezer is recommended for establishments with limited space such as cafés, bars, juice bars, bakeries and other outlets with a more occasional demand for juices.
An extremely robust, high-performance machine.

A traditional model with a more modern, updated image. The new colour range makes it ideal for all kinds of establishments.

A **SQUEEZING SYSTEM** that is unique in the world. The fruit is cut in half and only the pulp is squeezed; the juice does not come into contact with the peel, thus avoiding contamination from its oils and acidity. Top quality juice with a 100% natural flavour.

SIZE OF FRUIT. The machine is capable of juicing fruits in calibres ranging from $1^{3/4}$" to $3^{1/2}$".
There are three juicing kits

Included as standard:
Medium cup kit, for fruit of $2^{1/6}$"- 3".
Large cup kit, for fruit of $2^{3/4}$"- $3^{1/2}$".

Optional:
Small cup kit, for fruit of $1^{3/4}$ - $2^{1/3}$".

BODY of juicer made from **STAINLESS STEEL**.

DIGITAL PROGRAMMER AND METER of squeezed fruit in matching grey. (**NEW!**).

STAINLESS STEEL FILTER. **NEW!**

TRAY and LONGER TRAY. **NEW!**

2 gallons **STAINLESS STEEL BINS** to replace the plastic bins, enhancing the appearance and quality of de machine. **NEW!**

NOTE: Z06 POMEGRANATE BRIDGE If you intend to use the machine to squeeze pomegranates, please specify this in your order.

UPGRADE KITS FOR ZUMMO Z05

To transform your Z05 into the new Z06

V0180 - Z05 kit in grey.
Comprising all parts in grey (except the bins and knob in stainless steel).

V0181 - Kit Z05 in grey with bins.
Comprising V0180 (Kit Z05 in grey) + curved stainless steel bins (except stainless steel knob - only in the Z06 series).

* Note: Height of bins: $12^{2/5}$".
(only for machines with high supports: $3^{2/6}$")

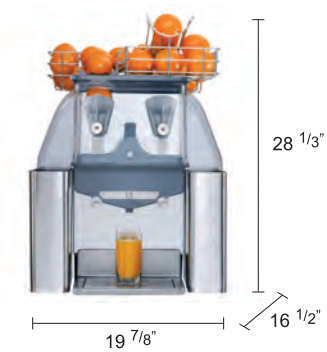

CASES WHERE YOU NEED TO REQUEST AN ADDITIONAL ACCESSORY TO FULLY UPGRADE FROM THE Z05 TO THE Z06:

- If the machine only has a ramp (i.e. does not have a basket) Mandarin basket (Ref:/ 0505009A)
- If the machine is the lower version (i.e. its supports are 3/5" or $1^{4/7}$".) $3^{2/6}$" rubber supports (Ref:/0508013)
